

2023 School Improvement Plan Summary

Port Neill Primary School

Goals	Targets	Challenge of Practice	Success Criteria
To increase student reading achievement	2022: 100 % of children achieved 12months growth or more in reading as seen in PAT R	If we intentionally design the supported reading component of the teaching and learning cycle to influence writing by explicitly teaching language features and text structures, then we will increase student's reading.	Yr 1 – students will identify text structures, language & visual features of familiar narrative and informative texts to create short written multimodal texts Yr 3 – students will describe the language features of texts and how visual features extend meaning when reading and creating written and multimodal texts using a range of text structures. Yr 5 – students will explain how characteristic text structures and language features support the purpose and meaning of texts when reading and creating written and multimodal texts.
	2023: Yr 1 students - 4 out of 4 students (100%) will meet SEA in PSC, with average word score 32 words (increased from 29 words) Year 3 students - 2 out of 4 (50%) students to achieve High Bands in NAPLAN Reading Year 5 – 1 out of 1 student (100%) of to reach SEA in NAPLAN Reading		
	2024: Yr 1 students - 4 out of 4 students (100%) will meet SEA in PSC, with average word score 32 words (increased from 29 words) Year 3 students - 2 out of 4 (50%) students to achieve High Bands in NAPLAN Reading Year 5 – 1 out of 1 student (100%) of to reach SEA in NAPLAN Reading
