It's been a term of student growth, academic stretch, team empowerment and ultimately, happy kids!

Huge **THANKYOU** to my very devoted and talented teaching staff- Olivia, Alex, Lauren and Lani, along with our Admin Angels- Deb, Julie and Sue.

There are some exhausted and water logged kids after two very intense days of swimming lessons, with one more day to go today. We are so incredibly proud of students participation during swimming and how well they have conducted themselves. Good kids are a product of supporting parents, so thank you families, you are raising exceptional children.

Friday students will be combining to celebrate their learning this term with a movie, followed by hot dogs and milkshakes! What it is to be a kid at PNPS!

### Calendar Dates for Term 2..
